SKILLS & STRENGTHS

TOOLS & FOCUS

Next.js App Router • Appwrite BaaS •
Relational Schema Design • Responsive
Design • Vercel CI/CD

FEATURED PROJECTS

Radha Outfit Collection ↗ Live Demo ↗ Code

2024

Next.js

React

Tailwind CSS

Framer Motion

Vercel

- Architected a digital storefront with reactive state management and catalog browsing.
- Engineered interactive micro-animations and fluid layout transitions using Framer Motion.
- Integrated mobile-first responsive design ensuring zero CLS and fast Core Web Vitals.

Online Clothing Store System ↗ Live Demo ↗ Code

2024

PHP

MySQL

JavaScript

Tailwind CSS

- Engineered an e-commerce platform with customer authentication, product catalogs, and cart state.
- Designed relational MySQL schemas for category taxonomies, stock tracking, and checkout orders.
- Implemented parameterized queries and input sanitization to safeguard against web exploits.

Interactive Developer Portfolio ↗ Live Demo

2024

Next.js

Tailwind CSS v4

Lucide Icons

- Constructed a glassmorphic portfolio featuring custom dark mode tokens and moving ambient orbs.
- Integrated a physics-based macOS dock navigation bar with smooth section scroll targeting.

EDUCATION

Bachelor of Computer Applications (BCA)

2023 – 2026

Indira Gandhi National Open University (IGNOU)

Core Studies: Web Technologies, Data Structures, Relational Database Systems, Software Engineering.

Senior Secondary Education (Class XII)

Completed

Central Board of Secondary Education (CBSE)

Core Studies: Computer Science, Mathematics, and foundational science coursework.
